**PLEASE PASS THIS ONTO YOUR SALES/PURCHASING TEAMS**

Dear Customer,

There is a new Conveyor Belting and Power Transmission group called "The Ammega Group". This is a result of the merging of two giants, Ammeraal Beltech and Megadyne, Globally.

Rydell Beltech (part of Ammeraal Beltech) and Challenge Power Transmission (part of Megadyne) are the two Ammega Group companies operating within Australia.

**We are now excited to announce that Challenge Australia will merge with Rydell Beltech on 1<sup>st</sup> January 2020. The new entity will be known as Rydell Beltech Pty Ltd.**

Both companies have been operating for a long time and we aim to use this experience to help support and grow your business.

You should, by now, be aware that we have relocated to our new premise at 207 Greens Road, Dandenong South. This is just around the corner from the existing Rydell Beltech warehouse at 51 Bazalgette Crescent, Dandenong South.

So, currently nothing changes except our address and shortly, our name. You can still contact us at [aussales@challengept.com](mailto:aussales@challengept.com) or on (03) 9763 6701.

We will continue stocking and supplying Challenge products and in the future will be introducing an exciting new range of products, service and coverage.

We look forward to continuing and expanding our current relationship. Should you have any questions or need any clarification with regards the above, please feel free to contact either Wayne or Graham as below.

Regards,

Graham Smit  
Managing Director  
Challenge Power Transmission Pty Ltd
